

EUROCAM is the European foundation uniting umbrella organisations of patients, physicians, veterinarians and practitioners in the field of Complementary and Alternative Medicine (CAM).

EUROCAM's aim is to promote the contribution of CAM to better health in Europe.

EUROCAM's objectives are:

- promoting and facilitating CAM's role in maintaining citizens' health
- highlighting the health promotion and illness prevention aspects of CAM for EU public health policy and programmes
- advancing the accessibility, affordability and availability of CAM

Relevant policy implementation, public relations and communication activities:

- engagement as a stakeholder in the development of EU policies related to public health, healthcare, research, social, economic, regional and other relevant areas
- conferences and Interest Group meetings at the European Parliament
- liaising with members of the European Parliament
- meetings with officials at relevant Directorates-General
- involvement and participation in EU programmes
- publications on CAM and its benefits for EU public health policies
- advocacy work at EU and national level
- strengthening the coherence of the CAM stakeholders
- cooperation with like-minded NGOs
- pursuing access to EU funding.
